## PROFILE

Salesforce Developer with **3+ years on the platform** (self-taught since 2022, then 2 years of professional experience at LD Digitales). Specialized in **Apex, Flows, and CI/CD**, I bring a **rare sysadmin background** that enables a professional operations mindset: controlled deployments, automated testing, security, and documentation. RNCP Level 6 — Développeur Concepteur Logiciel (OpenClassrooms, Oct 2025). English C1+ — available for international remote roles. Concrete proof: on Légarant-AXG (insurance), I delivered the Apex REST endpoint AND the Heroku application that consumes it — not two juxtaposed skill sets.
