PROFILE

Salesforce Developer with 3 years of professional experience at LD Digitales (work-study, then permanent role), after self-teaching the platform since late 2021. Specialized in Apex, Flows, and CI/CD, I bring a rare sysadmin background that enables a professional operations mindset: controlled deployments, automated testing, security, and documentation. RNCP Level 6 — Développeur Concepteur Logiciel (OpenClassrooms, Oct 2025). English C1+, open to international relocation.
